## apics WA Seminar Series 6 Sigma - Common Sense but not Common Practice

### 6 Sigma - Common Sense but not Common Practice with Steve Ibbotson, 6 Sigma Black Belt, SIPOC6 Business Improvement Systems.

Applying the 6 Sigma approach to the elimination of all waste in business processes is common sense, but not common practice in many companies. Three case studies will be presented to show you what every business needs to know, if it wants to improve its capability to compete in today's increasingly global marketplace.

You can expect to:

- See what other companies have done to successfully implement 6 Sigma;
- Gain insight into how easily 6 Sigma can be applied to business processes;
- Understand the two simple tools DMAIC methodology that makes 6 Sigma work in practice;
- Learn how to avoid the pitfalls and make improvement a daily outcome.

<b>Date:</b>	Thursday 6th July 2006
<b>Time:</b>	Register 5.00pm Seminar: 5.30 to 6.30pm Networking 6.30pm to 7.30pm
